"It's Not a Home Until It's Platted"

**OUR LANDSCAPE DEPARTMENT
IS AT YOUR SERVICE**

Ofttimes you hear people say "We have no room for flowers or any more shrubs on our lot." People who say this have never investigated just what STRAWBERRY ACRES LANDSCAPE DEPARTMENT can do for them and have no idea that even **they**, on their small lot, can have flowers throughout the summer. It is not necessary to own a large estate. The joy of having flowers can be yours also even if your backyard is small. We all love flowers, why be without them when the cost is not prohibitive. The Pride of possession is double its price.

STRAWBERRY ACRES LANDSCAPE DEPARTMENT meets the requirements of the most discriminative taste. With about 200 varieties of trees and shrubs and about 300 varieties of hardy perennials to select from we know that we can meet your requirements, no matter what they be.

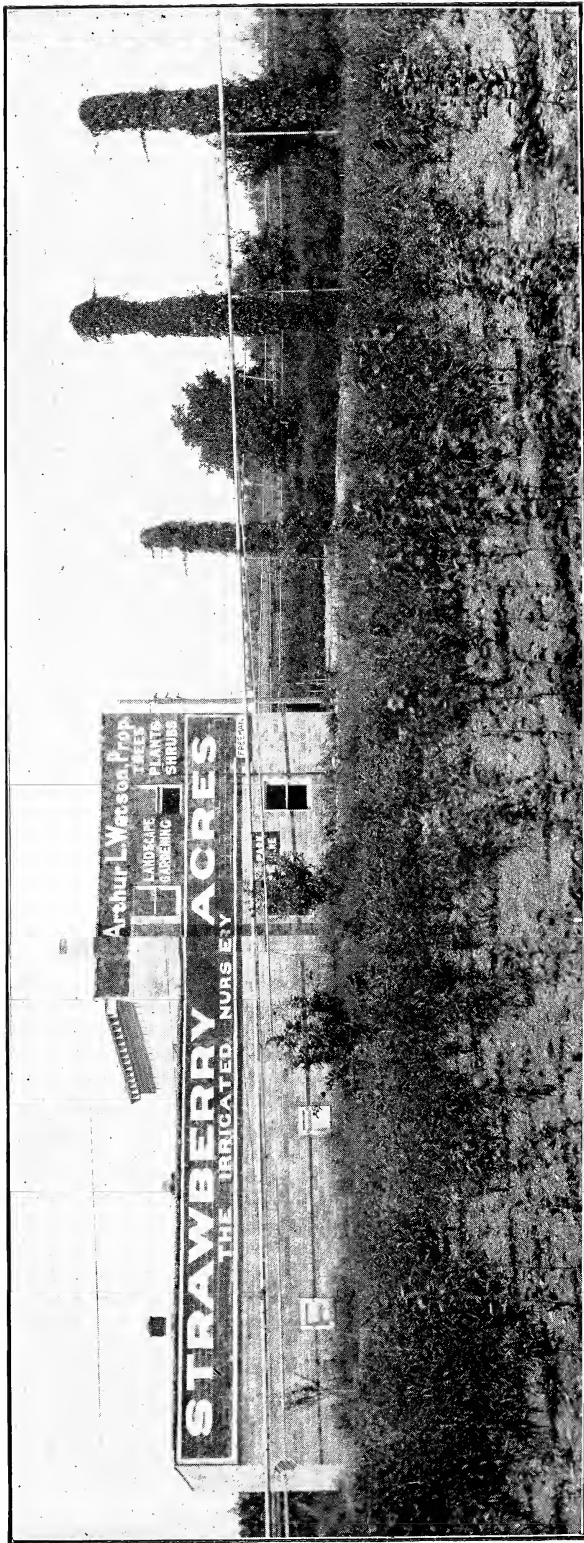

Does your home have the charm and setting it should have? Do the surroundings of your home bespeak itself of the hospitality that dwells within?

Please bear in mind that the STAWBERRY ACRES LANDSCAPE DEPARTMENT supplies you with one plant, if that happens to be your need, as well as the complete layout of your grounds. We would like to go over your grounds and make suggestions as to what we can do, showing same on a **colored sketch**. We make **no charge** for this service, it is yours for the asking, neither do we obligate you in any way.
